

**MISSION VALLEY ROP
Sexual Harassment/Discrimination
Policy Acknowledgement
2011-2012 School Year**

My signature below indicates that I have received a lesson/orientation on the subject of sexual harassment in the school and work environment. I understand that sexual harassment is a form of sex-based discrimination which violates both state and federal laws. I further understand that Mission Valley ROP is committed to non-discrimination in its practices and procedures. Therefore, complaints of discrimination, including but not limited to sexual harassment will be handled through the school's policy and complaint procedure. Copies of the policy and complaint procedures are available in the Board Policies: AR 4119.1 and AR 4119.2 via the website. Dismissal from ROP may occur if resolution of behavior or actions cannot be remedied through informal discussion and/or individuals are found to be in violation of Mission Valley ROP's non-discrimination policy.
